# SAPA KETUA BAZNAS

A GREETING FROM THE HEAD OF BAZNAS

Prof. Dr. H. Noor Achmad, M.A.

Ketua Badan Amil Zakat Nasional (BAZNAS) RI

*Chairman of The Nasional Board of Zakat (BAZNAS) of the Republic of Indonesia*

**Assalamualaikum Warahmatullahi Wabarakatuh**

***Bismillahirrahmanirrahim***

Alhamdulillah, puji syukur ke hadirat Allah subhanahu wata'ala atas nikmat Iman, Islam, dan usia yang dianugerahkan kepada kita semua. Shalawat dan salam, marilah kita sampaikan kepada *Rasulullah Shallallaahu alaihi Wasalam* yang membawa kita dari kegelapan kepada cahaya. Zakat adalah ibadah yang memiliki posisi yang sangat strategis baik dari aspek keagamaan, sosial, ekonomi, dan kesejahteraan masyarakat. Peran strategis ini secara nyata dinyatakan di dalam Al-Qur'an dan Hadits, serta terefleksikan dalam sejarah Islam.

Zakat merupakan rukun Islam ketiga dengan cakupan dimensi yang luas, mulai dari aspek keimanan, aspek ekonomi dan aspek sosial. Berdasarkan Undang-Undang Nomor 23 Tahun 2011 tentang Pengelolaan Zakat, BAZNAS diamanahi untuk mengelola zakat secara nasional dimulai dari perencanaan, pelaksanaan, pengendalian hingga pelaporan yang mencakup pengumpulan, pendistribusian dan pendayagunaan zakat.

*Alhamdulillah, first of all, start by delivering gratitude to Allah Subhanahu wata'ala for the blessings of faith, Islam, and age that are bestowed upon us. Then, may prayer and peace be upon to prophet, Muhammad Shallallaahu alaihi Wassalam who has guided and brought us to the right path. Zakat is worship which has a very strategic position in terms of religious, social, economic, and social welfare. This strategic role is clearly stated in the Qur'an and Hadith, and is reflected in Islamic history.*

*Zakat is one of the Five Pillars of Islam that has a broad coverage, ranging from the aspect of faith, economy, and social. According to the Law No. 23 of 2011 on Zakat Management, BAZNAS is entrusted to manage Zakat nationally, starting from the plan, execution, control, until the reporting that includes the collection, distribution, and the utilization of Zakat.*

Badan Amil Zakat Nasional (BAZNAS) sejak awal berdirinya senantiasa berfokus pada peningkatan kapasitas SDM melalui program beasiswa dan pengembangan diri. Hingga Januari 2021 tercatat 1179 alumni beasiswa yang telah mendapatkan kebermanfaatan program. Saat ini masih berjalan program beasiswa untuk 777 penerima manfaat. Beasiswa yang diberikan BAZNAS bukan hanya uang saku, namun pengembangan diri untuk memastikan terbangunnya karakter dan teroptimalisasi potensi para mahasiswa. Adanya program beasiswa ini selain bersifat advokasi peningkatan kualitas pendidikan anak negeri, semoga juga dapat memberi manfaat bagi peningkatan kinerja BAZNAS ke depan sebagai pengelola dana umat.

Dana zakat yang terus tumbuh dan berkembang harus mampu berkontribusi untuk mengatasi permasalahan kesenjangan sosial yang terjadi di negeri ini. Keberhasilan ini tentu akan memberikan stabilitas negara dan peningkatan kesejahteraan bagi mustahik. BAZNAS sungguh mempercayai bahwa dana zakat senantiasa tumbuh bermanfaat, salah satunya untuk peningkatan kualitas manusia. Dari mustahik menjadi muzaki, menjadi sebaik-baik manusia yang bermanfaat bagi orang lain.

*Badan Amil Zakat Nasional (BAZNAS) has always been focusing itself on the improvement of human resources through the scholarships and self-development programs. The data states that until January 2021 there have been 1179 scholars who have received the benefits of the programs. Currently, there are ongoing scholarship programs for 777 beneficiaries. The scholarships that are awarded by BAZNAS do not only include monthly allowance, but also a self-development program to ensure the formation of the characters and to optimize the potentials of the students. Apart from the advocacy for the education improvement, the existence of this scholarship programs also provides a benefit for the improvement of BAZNAS performance as a manager of people's funds.*

*The funds collected from Zakat that keep growing and developing must be able to contribute in solving the problem of social disparities in Indonesia. The success of this program will provide the stability of the country and the prosperity of the mustahiq (the people who have a right to receive the Zakat). BAZNAS does believe that Zakat is growing valuably. One of the benefits is to improve the quality of humans from mustahiq to become muzakki (people who have the obligation to pay the Zakat), the best human being among others is those who bring benefit to others.*

## Tanggapan Tokoh Masyarakat Tentang LBB

*/ Responses Public Figure About LBB*

Teamwork BAZNAS, tim yang humble sekali. Semangat yang baik. Usul saya, tetap perlu ada nama-nama tim yang diselipkan, entah di bagian depan atau di belakang, tak perlu besar, tapi ada. Karena bagaimana pun risalah ini adalah laporan. jadi nama yang bertanggungjawab perlu ada. Bagi historian ini penting, karena menjadi dokumentasi. Hal lain adalah mendorong untuk mahasiswa bisa kuliah di universitas terbaik di dunia. Menyiapkan mahasiswa mendapatkan beasiswa di World Class University.

**Prof. Amelia Fauzia, Ph.D. Guru Besar UIN Syarif Hidayatullah**

*The teamwork of BAZNAS is very humble. They have a good spirit. In my opinion, several members' name of the team should be included either in the beginning or in the end. It doesn't have to be big, yet it just needs to be there as this note is a report, so those who are responsible to this program should be written there. This is going to be important as this is a part of the documentation for the historian. Besides, it encourages the students to get the best university in the world and get the scholarships from the World Class University.*

**Prof. Amelia Fauzia, Ph.D., the Professor of Syarif Hidayatullah Islamic State University**

## THE CONVERSATION

Berkat dukungan dari Lembaga Beasiswa BAZNAS (LBB), The Conversation Indonesia (TCID) berkesempatan memberikan pelatihan menulis ilmiah populer untuk para penerima beasiswa LBB pada 22 April 2020. Pelatihan ini berguna bagi para penerima beasiswa dalam menyebarkan ilmu pengetahuan yang mereka produksi ke khayalak awam. Lebih jauh lagi, beberapa peserta dari pelatihan ini juga telah menerbitkan tulisannya di platform The Conversation. Salah satu peserta bernama Ai Nur Bayinah dari Sekolah Tinggi Ekonomi Islam SEBI bahkan sudah menerbitkan 2 artikel. Saya mewakili segenap tim TCID mengucapkan terima kasih pada LBB atas kerja sama ini dan saya berharap TCID bisa bekerja sama lagi dengan LBB di kemudian hari.

**Prodita Sabarini Editor Eksekutif The Conversation Indonesia**

*Thanks to the support of BAZNAS Scholarship Agency (LBB) because The Conversation Indonesia (TCID) had an opportunity to hold the training of popular scientific writing for the awardee of the scholarships of LBB on 22 April 2020. This training was beneficial for the awardee to help them spreading their knowledge to public. Furthermore, some of the training participants have published their writings in The Conversation platform. One of them is Ai Nur Bayinah from Sekolah Tinggi Ekonomi Islam SEBI (School of Islamic Economics) who has published 2 papers. I represent the entire team of TCID have to thank the LBB for this cooperation. I hope that TCID will have another opportunity to work with LBB in the future.*

**Prodita Sabarini, Executive Editor of The Conversation Indonesia**

Dengan berbagai inovasi dan pengalaman yang dimiliki, sudah saatnya LBB (Lembaga Beasiswa BAZNAS) naik kelas dengan memfokuskan diri pada peran sebagai lembaga intermediary program beasiswa. Melalui peran intermediary, LBB bisa lebih meningkatkan perannya dengan memberdayakan lembaga pengelola beasiswa yang sudah eksis, mendorong inovasi-inovasi baru, serta ikut andil mempengaruhi kebijakan dalam memajukan bangsa lewat beasiswa

**Hamid Abidin, Direktur Eksekutif Filantropi Indonesia.**

*With the wide range of innovations and experiences, it is LBB's time to "level up" by focusing itself on the role as intermediary institution of scholarship programs. Through the role of intermediary, LBB could increase its roles by empowering the existed scholarship agencies, encouraging new innovations, and taking part in influencing the policies to advance the nation through scholarships.*

**Hamid Abidin, the Executive Director of Indonesian Philanthropic Association**

Greetings from Albukhary International University Malaysia. Thanks a lot for the "Risalah Tahun 2020 Lembaga Beasiswa BAZNAS". It is very informative and concise and put up relevant, related and useful information pertaining to the scholarships/support from both sides as well as the achievements of the students. I hope this collaboration will continue and will flourish in the future. Wassalam.

**Prof. Dato' Dr. Abd. Aziz Tajuddin, VC and President of AIU**

Kinerja LBB terus meningkat dan membaik dari waktu ke waktu. Perlu dijaga dan ditingkatkan. Kedepan, LBB perlu memperluas kerjasama dengan provider-provider beasiswa di luar negeri. Sebagaimana kolaborasi dengan AIU Malaysia, barangkali ada peluang mereplikasi di universitas di negara lain. Semoga daya jangkau LBB bisa terus ditingkatkan ke depan sehingga penerima manfaat bisa bertambah. Jangan lupakan juga internalisasi nilai-nilai zakat kepada para penerima beasiswa agar mereka menjadi duta syiar zakat di masa depan.-

**Irfan Syauqi Beik Ekonom Syariah FEM IPB dan Sekretaris Eksekutif World Zakat Forum**

*The performance of BAZNAS Scholarship Agency continues to increase and improve from time to time. It needs to be maintained and improved. In the future, BAZNAS needs to expand the collaboration with international scholarship providers. As the collaboration with Albukhary International University Malaysia, perhaps there is an opportunity to replicate that program to another university in another country. Hopefully the coverage of BAZNAS Scholarship Agency can be improved so that the number of the beneficiaries can be increased. Besides, don't forget the internalization of the values of Zakat to the scholarship awardee so that they can be the ambassadors of Zakat in the future.*

**Irfan Syauqi Beik, the Professor of Sharia Economy of the Faculty of Economy and Management of IPB University and the Executive Secretary of World Zakat Forum.**
